

Your style is artistic!

artistic

Creative, imaginative, bold, and innovative is the way you dress. You are not influenced by current trends or fashion “rules.” You’re not afraid of color, and you enjoy combining unusual patterns and textures to create a look that is all your own. What you wear is all about how you feel and what you like. Your accessories are best described as eclectic and unusual.

Here are some clothing examples that might appeal to you:

When going shopping, don't think you always have to purchase artistic clothing. Many times people have a different style that is a close second. Wear what you like but realize you lean more towards the Artistic Personal Style so make sure you bring out your personality in the clothing you wear.

Caution: This style can tend to express a degree of noncompliance that makes you seem unapproachable or standoffish in business settings.

Try an artistic necklace with a conservative outfit to still be YOU yet be professional.

There is no right or wrong style because your style is unique to you. It is an expression of who you are. So have fun with it while realizing its impact on your personal brand.
