

Your style is classic!

classic

You prefer traditional and refined classic clothing styles that stand the test of time. You aren't too concerned with following the latest trend and tend to invest in quality fabrics and timeless styles. Your wardrobe consists of a lot of neutrals such as black, gray, navy blue and beige. Clean, straight lines dominate your closet. Your jewelry choices are classic pieces that never go out of style. You love classic pumps and loafers and a conservative sized handbag.

Here are some clothing examples that might appeal to you:

When going shopping, don't think you always have to purchase classic clothing. Many times people have a different style that is a close second. Wear what you like but realize you lean more towards the Classic Personal Style. Whatever you wear, make sure you bring out your true self.

Caution: You can end up looking boring because of your safe and conservative clothing. May need to add a few trendy clothing pieces/jewelry to spice up your look.

Wear a leather jacket in a neutral color with a fun necklace to still have a classic look yet be more trendy and fun!

There is no right or wrong style because your style is unique to you. It is an expression of who you are. So have fun with it while realizing its impact on your personal brand.
