

Your style is dramatic!

dramatic

You are confident and like to show some authority in the way you dress which appears bold and demanding. You love bold colors, oversized details, and asymmetrical lines. You can be seen in the latest styles producing a striking, head-turning look. You love distinctive attire in vibrant colors, defined textures, and rich fabrics. As far as your accessories go: you love bold jewelry pieces, oversized statement purses, interesting colored shoes, and tall boots.

Here are some clothing examples that might appeal to you:

When going shopping, don't think you always have to purchase dramatic clothing. Many times people have a different style that is a close second. Wear what you like but realize you lean more towards the Dramatic Personal Style. Whatever you wear, make sure you bring out your true self.

Caution: Your look can sometimes be too bold or overpowering which can intimidate less fashion-forward acquaintances especially in corporate environments.

Pair a bold, colored piece with your neutral separates to still dress your style yet not make a overpowering statement in the professional environment.

There is no right or wrong style because your style is unique to you. It is an expression of who you are. So have fun with it while realizing its impact on your personal brand.
